

Preventive care is the best way to promote the health of your feline family member.

Why choose a preventive care plan?

- affordable monthly payments
- exceptional veterinary care

The veterinarians and healthcare team of **Pet Medical Center of Westerville** believe in preventive wellness care. This is accomplished through routine semi-annual comprehensive exams, vaccinations, parasite prevention, urine, blood screening, good oral health and client education encompassing nutrition and behavior.

We do understand the financial concerns of wanting to provide the best for your pet and the challenges of fitting that twice yearly visit into your already tight budgets.

Our preventive care plans are designed to provide all of the annual preventive recommendation from our veterinarians to you at an exceptional value with an affordable monthly payment. By enrolling your pet on one of our prevent plans, you are taking an important step to maintaining his/her health and happiness.

Exceptional value. Exceptional care.

Today, most aspects of veterinary medicine are geared toward preventive care. We believe proactive preventive care not only will improve the quality of your pet's life but will add years to it.

At **ANY** age of life, taking advantage of our prevent plans will assist in early detection and treatment of disease. These plans were designed to provide exceptional value and the best in veterinary care for your pet. Knowing what your pet's care will cost and being able to budget for it just makes sense.

**It starts with a plan –
Please ask us!**

WE CARE and love to communicate! We understand the limits of a family budget. **PLEASE DO NOT** put off your pet's veterinary care as this frequently leads to more serious and expensive health care problems.

Ask us and consider one of our preventive wellness care monthly payment programs as an affordable pet health care option.
